SUMMER MEETING

The European Aligner Society (EAS) is delighted to invite you to the European Aligner Society Summer Meeting taking place in Porto, Portugal on Friday July 1st and Saturday July 2nd 2022. Following in the footsteps of EAS 1st Congress Vienna, EAS 1st AlignerLab Vienna, EAS 2nd Congress Venice, EAS Spring Meeting Venice, and EAS 3rd Congress, this will be EAS's 3rd intermediate Meeting which will be focused, once again, exclusively on orthodontic aligner therapy.

The Summer Meeting aims to offer a diverse engagement for both Clinicians and Companies by inviting new and innovative speakers to present ground breaking sessions:

1 full-day of plenary lectures, a morning of workshops/ seminars, and an afternoon of In-Depth courses.

EAS once again aims to be the main Continuing Professional Development provider for aligner orthodontists and allied professionals involved in aligner treatment delivery. The Meeting will provide an ideal forum for clinicians from Europe and across the world to improve their knowledge and clinical skills and to enhance the science and art of aligner orthodontics. Clinicians will have the opportunity to meet, network and exchange knowledge and ideas with colleagues and peers from across the European Union and beyond, and meet companies on a face-to-face basis.

ABOUT EAS

It is understood that each country (whether within the European Union or not) will have different local needs provided by their local associations and organisations. The EAS does not intend or want to replace those local associations but rather to create a resource full of knowledge, opportunities for collaboration and sharing of information relating to all aspects of aligner therapy. The EAS will provide that resource.

The EAS has been established to bring together all the clinicians and manufacturers who are involved with aligner therapy to use their combined strengths to raise the awareness of the effectiveness and the outcomes of aligner based treatment. The European Aligner Society aims to provide information on orthodontic aligner therapy to clinicians and the public through effective communication and education. Information will be underpinned by research and the promotion of high standards in orthodontic aligner treatment.

WELCOME MESSAGE

Dear Anticipated Delegate,

The European Aligner Society (EAS) looks forward to welcoming each of you during the Summer Meeting that will be held in Porto the next 1-2 July. The European Aligner Society is the leading voice of innovation in aligner orthodontics as well in digital orthodontics in Europe and worldwide.

Our mission is to create meeting opportunities for companies, orthodontists and dental professionals by supporting the development of strong and effective educational initiatives to assist them in starting, stabilizing and expanding their businesses.

With this mission, we believe that together we can improve the delivery of orthodontic aligner therapy to our patients.

The meeting will offer, a full-day of top-class plenary speakers on Friday 1st July and a day of company sponsored workshops and courses on Saturday July the 2nd.

The scientific chair, Dr. Francesco Garino, and the Committee Members have prepared an excellent program for both senior and junior doctors which covers in depth important clinical subjects with renowned faculty members. The workshops will take place in break-out rooms with only limited seating capacity. EAS will therefore recommend early registration.

I am looking forward to welcoming you to the EAS summer meeting in the wonderful Porto. Together, we can increase the impact of digital orthodontics and aligner orthodontics in the orthodontics and dentistry communities to realize and grow our potential.

Sincerely

*Tommaso Castorflorio
EAS President 2022/2023*

SUMMER MEETING OUTLINE

Summer Meeting Porto will provide the ideal showcase of the latest aligner developments by renowned experts in their fields. The programme will be defined by the theme:

**ALIGNERS AND 3D PLANNING FROM VIRTUAL TO REAL
how to apply virtual tip & tricks to enhance clinical experience**

Summer Meeting will start on **Friday, July 1st 2022 with a full day's Plenary Session** with Speakers having 45-minute presentations to give them time for comprehensive coverage of their subjects.

The speaker line-up is made up of 3 independent speakers and 5 company sponsored clinician speakers.

There will be a "round table" Q&A session at the end of the day, with all speakers on stage to take questions on the theme of the day.

At the end of the Plenary Session, delegates will be invited to a Welcome Reception on Friday evening at the world renowned Ferreira Port Winery where there will be Cocktail Dinatoire with food, port and wine tasting, a short tour of the winery and regional entertainment.

Saturday, July 2nd 2022 morning will be dedicated to Workshops hosted by 5 Companies. Each Company will present its workshop 5 times (45 minutes each from 08:30 to 09:15, 09:30 to 10:15, 10:30 to 11:15, 11:30 to 12:15 and 12:30 to 13:15) so that the maximum number of delegates can attend each and all of the workshops.

Saturday, July 2nd 2022 afternoon, after lunch, hosts 3 In-Depth courses by 3 of our sponsor companies involved with Aligner provision. Each In-Depth course will run from 14:15 to 18:15 and the program that the companies propose will be formulated over the next weeks and will be published on the EAS Summer Meeting Porto website and App.

Delegates will be able to choose the course they wish by self-registration through the Summer Meeting App. Access to the Plenary day, Workshops and In-Depth courses is included in a single all-inclusive Meeting registration fee. During the Meeting there will be an Exhibition by the Companies taking part in Summer Meeting. There will be tea/coffee and lunch served in the exhibition halls.

Sunday, July 3rd 2022 after Summer meeting is concluded, delegates will have a free day to go out and explore beautiful Porto.
